

# **5** Frequently Asked Questions

## **1. What is the bottom line of what you are trying to accomplish with this funding?**

The purpose of the Forward Together funding campaign is to assist The Refuge Center with costs associated due to construction build out, technology infrastructure, and physically moving into our desired location inside the Restoration Storehouse complex, located at 1400 Parker Road SE, Conyers, Georgia

## **2. Why do you want to move from your current location?**

The answer is simple but multi-faceted. First, monthly expenses. Our current building requires 17% of our budget to maintain and support. The expenses for our new location are estimated to be less than half that amount. Second and most important, our new location will put us in the position to better serve our clients. We will have the ability to walk our clients straight to the doorstep of other community service organizations that can help in other ways that we cannot. These two reasons alone will allow us to multiply our impact both financially and spiritually in our community.

## **3. Where can I find out more about Restoration Storehouse?**

The Restoration Storehouse website is [www.RestorationStorehouse.org](http://www.RestorationStorehouse.org). It contains the latest information about their mission, vision, other partners, and up to date construction progress.

## **4. Is my gift tax deductible?**

Yes. The Refuge Center is a non-profit 501(c)3. Consult your tax advisor to learn how you can leverage this unique strategy.

## **5. How has the pandemic impacted the operations of The Refuge Center?**

It has been an interesting year, but God has provided! We were able to adapt and overcome. Refuge has not closed one day due to Covid 19. We have become paperless, video zoom teaching, mask wearing, hand washing ninjas! But we cannot wait until we can freely hug our clients and each other again. Thanks for asking.
